Hiramatsu **THE HIRAMATSU KYOTO**

■Overview

Luxury small hotel in Kyoto.
The Hiramatsu Kyoto is located in the historic Muromachi area in the heart of the city, just steps from Nishiki Market, and occupies a late-19th-century building lovingly renovated by Nakamura Sotoji Komuten, noted specialists in sukiya teahouse design. The building retains the characteristic features of Kyoto's unique architectural style, including the lengthy 'eel's bed' corridors, atmospheric interior gardens, and exterior lattice windows whose pattern announces its previous incarnation as a kimono shop. We offer two equally stellar options: classic kappo-style Japanese cuisine and modern Italian. Both draw on local produce, a shared globe-spanning drinks list, and exquisite views of different interior gardens to create memorable meals for guests and outside diners alike.
